AHORRO DE AGUA / WATER SAVING
ÉCONOMIE D'EAU / RISPARMIO ACQUA

2P

El cartucho incorpora un sistema de dos posiciones que permite diferenciar entre la zona de caudal de bajo consumo y el caudal máximo. Al abrir la maneta para obtener más caudal, un tope ofrece una ligera resistencia para advertir que se pasa a la zona de máximo caudal.

A two position system is incorporated in the cartridge allowing to differentiate between the area of economic flow rate and the maximum flow rate. When the lever is raised to obtain more flow rate, there is a limit that offers a slight resistance and warns that it is in the area of maximum flow rate.

La cartouche intègre un système à deux positions qui fait la différence entre la zone de débit de faible puissance et le débit maximal. Lors de l'ouverture de la poignée pour plus de débit, un loquet offre une légère résistance pour vous avertir que vous entrez dans la zone de débit maximum.

La cartuccia incorpora un sistema a due posizioni che differenzia tra la zona di flusso a basso consumo e il flusso massimo. Quando si apre la maniglia per ottenere più flusso, un fermo offre una leggera resistenza per avvertire che si sta entrando nella zona di massimo flusso.

AHORRO DE ENERGÍA / ENERGY SAVING
ÉCONOMIE D'ÉNERGIE / RISPARMIO ENERGETICO

Cuando se abre el grifo con la maneta en posición central sólo sale agua fría, evitando así la innecesaria puesta en marcha del calentador de agua con el consiguiente ahorro de energía. Si el usuario desea agua caliente deberá girar la maneta hasta obtener la temperatura deseada.

When you open the faucet with the lever in a central position the water that comes out is cold, avoiding the start-up of the water heater with the consequent saving of energy. If the user desires hot water will have to turn the lever counterclockwise until obtaining the temperature desired.

Lorsque vous ouvrez le robinet avec la poignée en position centrale, seule de l'eau froide sort, évitant ainsi le démarrage inutile du chauffe-eau, économisant ainsi de l'énergie. Si l'utilisateur veut de l'eau chaude, il doit tourner le bouton jusqu'à obtenir la température souhaitée.

Quando si apre il rubinetto con la maniglia in posizione centrale, fuoriesce solo acqua fredda, evitando così l'inutile avviamento dello scaldabagno, risparmiando così energia. Se l'utente vuole l'acqua calda, deve girare la manopola fino ad ottenere la temperatura desiderata.

Nuestra grifería está certificada por el Ministerio de Industria y Energía de España y cumple con la norma europea UNE-EN-19703 (para grifería Monomando) y UNE-EN-19707 (para grifería Convencional). Esta certificación, según los reales decretos RD 358/85, RD 2200/95 y RD 411/97 es obligatoria para la comercialización de grifería sanitaria.

Our faucets are certified by the Ministry of Industry and Energy of Spain and comply with the European standard UNE-EN-19703 (for single lever mixers) and with the UNE-EN 19707 (for simple taps and mixer taps). This certification, according to the royal decrees RD 358/85, RD 2200/95 and RD 411/97, is mandatory for the marketing of sanitary tapware.

Nos robinets et mitigeurs sont certifiés par le Ministère espagnol de l'Industrie et de l'Énergie et ils sont conformes à la norme européenne UNE-EN-19703 (pour robinetterie monocommande) et UNE-EN-19707 (pour robinetterie classique). Cette certification, par les décrets royaux RD 358/85, RD 2200/95 et RD 411/97 est obligatoire pour la commercialisation de robinetterie sanitaire.

I nostri rubinetti e miscelatori sono certificati dal Ministero dell'Industria e dell'Energia spagnolo e sono conformi allo standard europeo UNE-EN-19703 (per rubinetteria monocomando) e UNE-EN-19707 (per rubinetteria classica). Questa certificazione, da regi decreti RD 358/85, RD 2200/95 e RD 411/97, è obbligatoria per la vendita di rubinetteria sanitaria.

¿WHAT IS THE MEANING OF CERTIFIED FAUCET?
QU’EST-CE QUE SIGNIFIE ROBINETTERIE CERTIFIÉE?
COSA SIGNIFICA RUBINETTERIA CERTIFICATA?

A continuación se detallan algunos de los ensayos realizados en laboratorio necesarios para obtener la certificación de cada grifería.

Hereafter, a detail of some of the tests conducted in the laboratory necessary to obtain the certification of each mixer or tap.

Ci-dessous sont indiqués certains essais réalisés en laboratoire nécessaires pour obtenir la certification de chaque robinetterie.

Di seguito sono indicati alcuni test effettuati in laboratorio necessari per ottenere la certificazione di ogni rubinetto.

ENSAYO DE RESISTENCIA A LA CORROSIÓN
CORROSION RESISTANCE TEST
ÉPREUVE DE RESISTANCE À LA CORROSION
PROVA DI RESISTENZA ALLA CORROSIONE

200 h
5% NaCl

Ensayo de 200 horas en cámara de niebla salina (Se comprueba el comportamiento de los materiales de la grifería en un entorno de corrosión acelerada durante 9 días) con una solución salina al 5% NaCl (Cloruro de sodio) según norma: ISO 9227

200-hour test in salt spray chamber (the performance of the different faucet materials in an accelerated corrosive environment is checked during 9 days) with a saline solution at 5% NaCl (Sodium chloride) according to ISO 9227 standard.

Épreuve de 200 heures en chambre au brouillard salin (on vérifie le comportement des matériaux de la robinetterie dans un environnement de corrosion accélérée pendant 9 jours) avec une solution saline au 5% NaCl (chlorure de sodium) selon norme : ISO 9227.

Prova di 200 ore in camera a nebbia salina (verifichiamo comportamento dei materiali delle valvole in un ambiente di corrosione accelerata per 9 giorni) con soluzione salina al 5% NaCl (cloruro di sodio) secondo la norma: ISO 9227.

ENSAYO DE CICLADO DEL CARTUCHO
MECHANICAL ENDURANCE OF THE CARTRIDGE
ENDURANCE MÉCANIQUE DE LA CARTOUCHE
RESISTENZA MECCANICA DELLA CARTUCCIA

70.000
operaciones / operations
opérations / operazioni

Se efectúan sobre el cartucho de los monomandos 70.000 operaciones de apertura y cierre más giro de fría a caliente. Después del ensayo el cartucho debe funcionar correctamente

Performed on the single lever cartridge: 70.000 open and close operations as well as turning from cold to hot. At the end of the test, the cartridge should perform correctly.

Ils sont réalisés sur la cartouche des monocommandes 70.000 opérations d'ouverture et de fermeture avec rotation d'eau froide à eau chaude. Après l'essai, la cartouche doit fonctionner correctement.

Test realizzati sulla cartuccia di monocomandi, 70.000 operazioni di apertura e chiusura con rotazione dall'acqua fredda all'acqua calda. Dopo il test, la cartuccia deve funzionare correttamente.

ENSAYO DE CICLADO EN EL INVERSOR
MECHANICAL ENDURANCE OF THE DIVERTER
ENDURANCE MÉCANIQUE DU DÉVIATEUR
RESISTENZA MECCANICA DEL DEVIATORE

30.000
operaciones
operations
opérations
operazioni

Se somete el inversor de los baños-ducha a 30.000 operaciones de cambio de ducha a baño con agua corriente, después del ensayo el inversor debe funcionar correctamente.

The diverter of shower-bath faucets is subjected to 30.000 operations of switching from shower to bath position with running water. At the end of the test, the diverter should perform correctly.

L'inverseur mitigeur bain-douche est soumis à 30.000 opérations, qui consistent à changer la position de bain à douche avec de l'eau courante. Après l'essai, l'inverseur doit fonctionner correctement.

Test effettuati sul deviatore dei miscelatori per doccia-vasca, 30.000 operazioni di cambio tra la posizione della doccia e il bagno con acqua corrente. Dopo il test, il deviatore deve funzionare correttamente.

ENSAYO DE CICLADO DEL SISTEMA DE GIRO DEL CAÑO
MECHANICAL ENDURANCE OF THE SWIVEL SPOUT
ENDURANCE MÉCANIQUE DU SYSTÈME DE ROTATION DU BEC
RESISTENZA MECCANICA DEL SISTEMA DI ROTAZIONE DEL COLLO

80.000
operaciones
operations
opérations
operazioni

Se realizan sobre el caño de los fregaderos 80.000 operaciones de giro de 90° con un peso de 1Kg. en la salida del caño. Después del ensayo el sistema de giro debe funcionar correctamente.

Performed on the swivel spout of the kitchen faucets: 80.000 operations of 90° rotation with a 1 kg weight at the spout outlet. At the end of the test, the swivel system should perform correctly.

Sur les becs des mitigeurs d'évier sont réalisées 80.000 opérations de rotation de 90° avec un poids de 1kg à la sortie du bec. Après l'essai, le système de rotation doit fonctionner correctement.

Test realizzati sui colli dei miscelatori per lavello, 80.000 operazioni di rotazione di 90° con un peso di 1kg all'uscita del collo. Dopo il test, il sistema di rotazione deve funzionare correttamente.

COMPORTAMIENTO MECÁNICO BAJO PRESIÓN (Prueba de alta presión)
MECHANICAL PREFORMANCE UNDER PRESSURE (High pressure test)
ENDURANCE MÉCANIQUE SOUS PRESSION (Éssai de haute pression)
RESISTENZA MECCANICA SOTTO PRESSIONE (Test alta pressione)

TESTED

25bar 60s

Se aplica a la grifería una presión durante un tiempo determinado. Después del ensayo no se deben apreciar ni fugas ni deformaciones.

The faucets are subject to a constant pressure for a certain period of time. At the end of the test there shall be no leakage nor deformation.

Une pression s'applique à la robinetterie pendant un temps déterminé. Après l'essai, aucunes fuites ni déformations ne doivent être appréciées.

Si applica al rubinetto una pressione per un certo tempo. Dopo il test, non devono essere apprezzate perdite o deformazioni.

ENSAYOS DE ESTANQUEIDAD Y DE NO INTERCOMUNICACIÓN
LEAK-TIGHTNESS TEST AND CROSS FLOW BETWEEN HOT AND COLD WATER
ESSAIS D'ÉTANCHÉITÉ ET DE NON-INTERCOMMUNICATION
PROVE DI TENUTA STAGNA E DI NON INTERCOMUNICAZIONI

TESTED

4bar 60s
2bar 60s

Se comprueba que el producto no presente fugas a diferentes presiones y entre las diferentes cámaras con la salida cerrada artificialmente.

Verification that there are no leakages at different pressures in the products nor between the different chambers with the outlet closed artificially.

À différentes pressions et en fermant les chambres de manière artificielle, nous contrôlons que le produit ne présente aucune fuite pour chaque chambre.

Si controlla che il prodotto non presenti perdite a diverse pressioni e tra le diverse camere con l'uscita artificialmente chiusa.

Todos nuestros monomandos de lavabo de empotrar están fabricados por estampación en caliente de latón lo cual garantiza una perfecta estanqueidad del mismo por la ausencia de porosidades o fisuras.

Tous nos mitigeurs encastrables comprennent corps réalisé par forgeage à chaud du laiton qui garantit une parfaite étanchéité grâce à l'absence de porosité ou de fissures.

All our concealed single lever mixers include body mixer manufactured by hot brass stamping which assures a perfect seal of the pieces due to absence of porosities or cracks.

Tutti i nostri miscelatori da incasso corpo realizzato mediante stampaggio a caldo di ottone che garantisce una perfetta tenuta dello stesso grazie all'assenza di porosità o fessurazioni.

KITS MONOMANDO EMPOTRADOS HORIZONTALES DE DUCHA Y BAÑO
CONCEALED HORIZONTAL MIXER SETS FOR SHOWER AND BATH
ENSEMBLES MITIGEURS À ENCASTRER HORIZONTAUX DOUCHE ET BAIGNOIRE
KIT MISCELATORI DA INCASSO ORIZZONTALI PER DOCCIA E VASCA

TODOS NUESTROS MONOMANDOS DE EMPOTRAR INCLUYEN:
- Cuerpo fabricado por estampación en caliente de latón lo cual garantiza una perfecta estanqueidad del mismo por la ausencia de porosidades o fisuras.
- Caja de empotrar con nivel de burbuja incluido, que facilitan considerablemente la instalación del producto.
- Sistema de fácil acceso para el mantenimiento del cartucho y el inversor.

TOUS NOS MITIGEURS ENCASTRABLES COMPRENNENT :
- Corps réalisé par forgeage à chaud du laiton qui garantit une parfaite étanchéité grâce à l'absence de porosité ou de fissures.
- Coffret d'encastrement avec niveau à bulle inclus, ce qui facilite grandement l'installation du produit.
- Système d'accès facile pour la maintenance des cartouches et des onduleurs.

ALL OUR CONCEALED SINGLE LEVER MIXERS INCLUDE:
- Body mixer manufactured by hot brass stamping which assures a perfect seal of the pieces due to absence of porosities or cracks.
- Concealed box with bubble level to facilitate its installation as much as possible.
- Easy-access system for cartridge and diverter maintenance.

TUTTI I NOSTRI MISCELATORI DA INCASSO INCLUDONO:
- Corpo realizzato mediante stampaggio a caldo di ottone che garantisce una perfetta tenuta dello stesso grazie all'assenza di porosità o fessurazioni.
- Scatola da incasso con livella a bolla inclusa, che facilita notevolmente l'installazione del prodotto.
- Sistema di facile accesso per la manutenzione della cartuccia e dell'inverter.

CONTROL DE TEMPERATURA ESTABLE Y PRECISO
Temperatura preestablecida a 38 °C (100,4 °F)
Regulación de temperatura de 15 °C a 60 °C (59 °F a 140 °F)

SEGURIDAD, PROTECCIÓN ANTIQUEMADURAS
En caso de una falla en el suministro de agua fría, el flujo de agua se interrumpe inmediatamente.

EXCELENTE CALIDAD
Conforme a norma europea EN-1111 y otros estándares internacionales.
Fabricados con termoplásticos de última generación que los dota de una excepcional resistencia mecánica y a las altas temperaturas, además de una excelente estabilidad dimensional.
Control individual de calidad. Pruebas de: temperatura preestablecida, caudal, control de fugas y control anti quemaduras efectuadas sobre el 100% de las unidades.

CONTROLE DE TEMPÉRATURE STABLE ET PRÉCIS
Température prééglée à 38 °C (100,4 °F)
Régulation de température de 15 °C à 60 °C (59 °F à 140 °F)

SÉCURITÉ, PROTECTION ANTI-BRÛLURES
En cas de panne d'eau froide, le débit d'eau s'arrête immédiatement.

EXCELLENTE QUALITÉ
Selon la norme européenne EN-1111 et d'autres normes internationales.
Fabriqué avec des thermoplastiques avancés avec une résistance mécanique exceptionnelle, et aux hautes températures.
Résistance et stabilité dimensionnelle.
Contrôle de qualité individuel de 100% de la production, pré réglage de la température, contrôle du débit, des fuites et de la protection anti-brûlures.

STABLE AND PRECISE TEMPERATURE CONTROL
Preset temperature at 38 °C (100.4 °F)
Temperature regulation from 15 °C to 60 °C (59 °F to 140 °F)

SAFETY, ANTISCALD PROTECTION
In case of a cold water supply failure, water flow is interrupted immediately.

EXCELLENT QUALITY
According to european norm EN-1111 and other international standards.
Made with advanced thermoplastics with exceptional mechanical strength, high temp. Resistance and high temperatures, as well as, resistance and excellent dimensional stability.
Individual quality control 100% of the production. Tests: temperature preset, flow rate, leakage monitoring and anti-scauld protection performed on 100% of the units.

CONTROLLO DELLA TEMPERATURA STABILE E PRECISO
Temperatura preimpostata a 38 °C (100,4 °F)
Regolazione della temperatura da 15 °C a 60 °C (da 59 °F a 140 °F)

SICUREZZA, PROTEZIONE DA USTIONI
In caso di guasto all'alimentazione dell'acqua fredda, il flusso dell'acqua viene immediatamente interrotto.

QUALITÀ ECCELLENTE
In conformità con la norma europea EN-1111 e altre norme internazionali.
Realizzati con materiali termoplastici di ultima generazione che forniscono loro un'eccezionale resistenza meccanica e alle alte temperature, oltre a un'eccellente stabilità dimensionale.
Controllo qualità individuale. Prove di: controllo temperatura, portata, perdite e antiscottatura prestabilite effettuate sul 100% delle unità.

GRIFERÍA TERMOSTÁTICA EMPOTRADA / CONCEALED THERMOSTATIC MIXERS
MITIGEURS THERMOSTATIQUES À ENCASTRER / MISCELATORI TERMOSTATICI DA INCASSO

TODOS NUESTROS TERMOSTÁTICOS DE EMPOTRAR INCLUYEN:

- Cuerpo fabricado por estampación en caliente de latón lo cual garantiza una perfecta estanqueidad del mismo por la ausencia de porosidades o fisuras.
- Caja de empotrar con nivel de burbuja incluido, que facilitan considerablemente la instalación del producto.
- Sistema de fácil acceso para el mantenimiento del cartucho y el inversor.

TOUS NOS THERMOSTATIQUES ENCASTRABLES COMPRENNENT :

- Corps réalisé par forgeage à chaud du laiton qui garantit une parfaite étanchéité grâce à l'absence de porosité ou de fissures.
- Coffret d'encastrement avec niveau à bulle inclus, ce qui facilite grandement l'installation du produit.
- Système d'accès facile pour la maintenance des cartouches et des onduleurs.

FIJACIÓN REFORZADA / REINFORCED FIXING

FIXATION RENFORCÉE / FISSAGGIO RINFORZATO

Todos nuestros asideros disponen de un sistema de sujeción reforzado y de embellecedores con rosca. Dos platinas de 2,7 mm de grosor garantizan una fuerte sujeción a la pared y un apoyo seguro. Los embellecedores a rosca aseguran que estos queden siempre fijos en su sitio.

All our grab bars have a reinforced fixing system and flanges with thread. Two platen plates of 2.7 mm thickness guarantee a strong fixing to the wall as well as a reliable support. The flanges with thread guarantee that these are always fixed in place.

Toutes nos poignées ont un système de fixation renforcée et enjoliveurs avec filetage. Deux platines de 2,7 mm d'épaisseur garantissent une forte prise sur le mur et un appui solide. Les enjoliveurs filetés assurent leur fixation constamment sur place.

Tutti i nostri maniglioni hanno un sistema di fissaggio rinforzato e coprimozzi con filettatura. Due lastre da 2,7 mm di spessore garantiscono una forte presa sulla parete e un solido supporto. I coprimozzi filettati assicurano il loro fissaggio costante sul posto.

CONDICIONES GENERALES DE VENTA

Precios: Los precios de nuestra tarifa se consideran precios recomendados de venta al público antes de impuestos. Los precios de venta aplicados en factura serán aquellos de la tarifa vigente en el momento de la recepción del pedido. Estos precios pueden estar sujetos a cambios por motivos de diversa consideración, en cuyo caso se notificará oportunamente.

Diseño: Nuestros productos podrán ser modificados total o parcialmente, sin previo aviso, en beneficio del artículo. La documentación de este catálogo, fotografías, descripciones y esquemas técnicos, tienen un valor indicativo, por lo que el cliente no se podrá acoger a ellos en caso de disconformidad con el producto suministrado.

Condiciones de pago: Las facturas serán pagadas en los plazos establecidos por la Ley 15/2010, de 5 de julio, de modificación de la Ley 3/2004, de 29 de diciembre, por la que se establecen las medidas de lucha contra la morosidad en operaciones comerciales.

Plazos de entrega: Nuestros plazos de entrega son aproximados y no podrán ser objeto de ninguna reclamación.

Expedición de mercancía: El destinatario deberá comprobar la mercancía a la recepción de la misma, verificando su estado e indicando en el albarán del transportista las posibles incidencias (daños, ya sea en los artículos o en el embalaje de los mismos a causa del transporte, así como discrepancias en el número de bultos, etc.). El cliente deberá informar en un plazo máximo de 24 horas, límite máximo fijado por las agencias para la comunicación de incidencias, enviando correo electrónico adjuntando la información y el material gráfico pertinente. En caso contrario nuestra empresa no se podrá hacer cargo de ninguna reclamación al respecto.

Garantía AQUAGRIF, S.L.: Todos nuestros productos están garantizados, ante eventuales defectos de fabricación, durante un periodo de 3 años, con las siguientes excepciones que disfrutan de una garantía ampliada:

- Grifería de baño y cocina cromadas: 5 años (a excepción de la grifería electrónica que son 3 años)
- Grifería termostática: 5 años
- Productos con sello AISI 304: 5 años

Para ejercer los derechos que ofrece esta garantía será imprescindible por parte del cliente, la presentación del comprobante de compra emitido al usuario final en la fecha de venta del producto. Nuestra responsabilidad se limitará a la reparación o sustitución total o parcial del artículo (una vez analizado y aceptado el defecto por nuestro departamento de calidad) y en ningún caso cubre gastos adicionales (gastos ocasionados por los trabajos de reparación, instalación, ...). Quedan excluidos de esta garantía los daños producidos por los productos de limpieza, el uso inadecuado, montaje incorrecto, desgaste natural, mantenimiento inadecuado, así como los producidos por impurezas del agua (acumulación de suciedad, cal, ...). La eventual reparación o sustitución de componentes del producto afectado no extiende la ampliación de la Garantía. En caso de que en el momento de la aplicación de la garantía el producto ya no se fabrique, se suministrará un producto similar de igual calidad.

Devoluciones:

1. No se aceptarán devoluciones de mercancía sin que estas hayan sido previamente autorizadas por parte de nuestro departamento comercial. En caso de no estar autorizadas, la mercancía será devuelta al remitente.
2. No se admitirá ninguna devolución de mercancía que esté fuera de garantía.
3. Solo se admitirán devoluciones de materiales que presenten defectos imputables al proceso de fabricación y que no se puedan solucionar con recambios originales de AQG.
4. En el caso de aceptación y posterior recepción de mercancía, esta deberá estar adecuadamente encajada y sufrirá una depreciación en factura de:
 - 10% si es de hace menos de un año
 - 25% en el caso de más de un año
 - 40% en el caso de más de dos años

No se aceptará ninguna devolución que no se ajuste a las especificaciones descritas anteriormente.

Cambios: Los cambios deberán ser autorizados previamente por nuestro departamento comercial. Todo el material expedido por nuestra empresa, incluido el destinado a cambios, será remitido con cargo en factura sin perjuicio de la emisión del correspondiente abono a la recepción por nuestra parte de la mercancía objeto de cambio.

Aceptación de condiciones: Todo pedido recibido, implica la aceptación de estas condiciones, salvo en el caso de que se hayan pactado otras por escrito.

Propiedad intelectual: Todas las imágenes e ilustraciones contenidas en este catálogo son propiedad de Aquagrif, s.l. o de sus respectivos propietarios. No se permite el uso de las mismas a terceras personas sin la autorización expresa de nuestra empresa o de los respectivos propietarios de los contenidos.

GENERAL SALES CONDITIONS

Prices: The prices of our price list are retail prices before taxes. The retail prices applied in the invoice will be those that appear in the price list in force in the moment of the reception of the order. These prices may be subject to modification because of changes of different consideration, in which case will be notified in due course.

Design: Our products could be modified because of design requirements, without notice, for the benefit of the product. The documentation of this catalogue, photographic, technical drawings, have an indicative value, consequently, the customer will not be able to present it as disconformity with the product supplied.

Payment conditions: The invoices will be paid in the deadlines established in Law 15/2010, 5th July, modification of Law 3/2004, 29th December, where the measures against default in the commercial transactions are established.

Delivery terms: Our delivery terms are approximate and will not be subject to any claim.

Dispatching goods: The consignee will have to verify the merchandise when receiving the goods, check the status and indicate in the transport document the possible incidents (damages in the products or in the packaging due to the transport, discrepancies in the number of boxes, etc.). The client must inform within 24 hours, maximum allowable by the transport agency for the communication of incidents, sending an email enclosing the information as well as the appropriate graphic material. Otherwise, our company will not be in charge of any reclamation.

Guarantee: All our products are guaranteed against possible defects which are attributable to the production process during a period of 3 years, with the following exceptions which have an extended guarantee:

- Bath and kitchen faucets chromed: 5 years (except electronic faucets which is 3 years)
- Thermostatic mixers: 5 years
- Products with seal AISI 304: 5 years

To exercise the right that offers this guarantee is necessary that the client presents the purchase receipt issued to the end user with the date which the product was bought. Our liability will be limited only and exclusively to substitute the defective product and in no case will cover additional expenses (costs related to repair works, installation, etc.), which will be in charge of the consumer.

Returns:

1. Aquagrif SL, will not accept any return of merchandise, unless it has been previously approved by our sales department. In case of not being approved, the merchandise will be returned to the sender.
2. Any return of merchandise will not be accepted if the product is out of guarantee.
3. Aquagrif SL, will only accept returns of merchandise that present defects attributable to the manufacturing process and that cannot be solved with original spare parts
4. In case of acceptance and after receiving the merchandise, this will have to be perfectly packaged and will suffer a depreciation in invoice of:
 - Less than one year: 10% depreciation
 - More than one year: 25% depreciation
 - More than two years: 40% depreciation

No returns will be accepted if they do not comply with the requirements abovementioned.

Changes: All the changes must be approved by our sales department. All the merchandise issued by Aquagrif, including those with modifications, will be referred with charge on the invoice without prejudice in the issuance of the credit note once the merchandise subject to modification is received.

Acceptance of conditions: All orders received means the acceptance of these conditions, unless something else has been accorded by written.

Intellectual properties: All the pictures and illustrations contained in this catalogue are property of Aquagrif S.L. or of their respective owners. It is not allowed its use to third parties without the express authorization of our company or of the respective owners of the contents.

CONDITIONS GÉNÉRALES DE VENTE

Les prix : Les prix de notre tarif sont considérés comme des prix de vente recommandés au public + TVA légale éventuelle. Les prix de vente appliqués sur facture sont ceux du tarif en vigueur au moment de la réception de la commande. Ces prix peuvent être modifiés pour des raisons diverses, Ces prix peuvent être sujets à changement pour des raisons de considération différente, auquel cas vous serez informé en temps voulu.

Design : Nos produits peuvent être modifiés totalement ou partiellement, sans préavis, au bénéfice de l'article. La documentation de ce catalogue, photographies, descriptions et schémas techniques, ont une valeur indicative, de sorte que le client ne pourra pas en faire usage en cas de non-conformité avec le produit fourni.

Conditions de paiement : Les factures seront payées dans les délais établis par la Loi 15/2010, du 5 juillet, de modification de la Loi 3/2004, du 29 décembre, établissant des mesures de lutte contre le retard de paiement au cours d'opérations commerciales.

Délais de livraison : Nos délais de livraison sont approximatifs et ne pourront faire l'objet d'aucune réclamation.

Expédition de marchandise : Le destinataire doit vérifier la marchandise à la réception de celle-ci en vérifiant son état et en indiquant sur le bon de livraison du transporteur les éventuels incidents (endommagement des articles ou de leur emballage dû au transport, ainsi que des divergences dans le nombre de colis, etc.). Le client doit faire un rapport dans un délai maximum de 24 heures, limite maximale fixée par les agences pour la communication des incidents, en envoyant un courrier électronique en joignant les informations et le matériel graphique pertinents. Dans le cas contraire, notre société ne pourra prendre en charge aucune réclamation à ce sujet.

Garantie AQUAGRIF, S.L.: Tous nos produits sont garantis, en cas d'éventuels défauts imputables au processus de fabrication du produit, pendant une période de 3 ans, avec les exceptions suivantes, pour lesquelles Aquagrif, S.L. s'engage à une prolongation de cette période :

- Robinetterie de bain et de cuisine chromées : 5 ans (à l'exception de la robinetterie électronique pour laquelle celle-ci est de 3 ans)
- Robinetterie thermostatique : 5 ans
- Produits avec label AISI 304 : 5 ans

Pour exercer les droits offerts par cette garantie, le client devra impérativement présenter la preuve d'achat émise à l'utilisateur final à la date de vente du produit. Notre responsabilité se limitera à la réparation ou au remplacement total ou partiel de l'article (après analyse et acceptation du défaut par notre département qualité) et ne couvrira en aucun cas des frais supplémentaires (frais occasionnés par les travaux de réparation, d'installation, ...). Sont exclus de cette garantie les dommages causés par les produits de nettoyage, une mauvaise utilisation, assemblage incorrect, l'usure naturelle, un entretien inadéquat, ainsi que ceux produits par les impuretés de l'eau (accumulation de saleté, calcaire, ...). La réparation ou le remplacement éventuel de composants du produit concerné ne s'étend pas à l'extension de la garantie. Si le produit n'est plus fabriqué au moment de l'application de la garantie, un produit similaire de même qualité sera fourni.

Retours :

1. Les retours de marchandises ne seront pas acceptés sans autorisation préalable de notre département commercial. En cas de retour non autorisés, la marchandise sera renvoyée à l'expéditeur
2. Aucun retour de marchandise hors garantie n'est admis.
3. Seuls les matériaux présentant des défauts imputables au processus de fabrication et qui ne peuvent être réparés par des pièces de rechange d'origine AQG sont autorisés.
4. En cas d'acceptation et de réception ultérieure de la marchandise, celle-ci doit être correctement emballée et subira une dépréciation sur facture de :
 - 10% si celle-ci à moins d'un an.
 - 25% si celle-ci à plus d'un an.
 - 40% si celle-ci à plus de 2 ans.

Aucun retour ne pourra être accepté s'il n'est pas conforme aux spécifications décrites ci-dessus.

Changements : Les changements doivent être préalablement autorisés par notre service commercial. Tout le matériel expédié par notre société, y compris le matériel destiné à être échangé, sera envoyé avec facture, nonobstant le fait de l'émission de la note de crédit correspondant à la réception de la marchandise échangée.

L'acceptation des conditions : Toute commande reçue, implique l'acceptation de ces conditions à moins qu'il n'en ait été convenu autrement par écrit.

Propriété Intellectuelle : Toutes les images et illustrations contenues dans ce catalogue sont la propriété d'Aquagrif, s.l. ou de leurs propriétaires respectifs. L'utilisation de ces contenus par des tiers n'est pas autorisée sans l'autorisation expresse de notre société ou de leurs propriétaires respectifs.

CONDIZIONI GENERALI DI VENDITA

Prezzi: I prezzi nella nostra tariffa sono considerati prezzi al dettaglio consigliati al lordo delle tasse + eventuale IVA di legge. I prezzi di vendita applicati in fattura saranno quelli della tariffa in vigore al momento della ricezione dell'ordine. Tali prezzi possono subire variazioni per ragioni di varia natura, nel qual caso ne sarà data tempestiva comunicazione.

Design: I nostri prodotti possono essere totalmente o parzialmente modificati, senza preavviso, a beneficio dell'articolo. La documentazione contenuta in questo catalogo, fotografie, descrizioni e schemi tecnici, hanno valore indicativo, pertanto il cliente non potrà accettarli in caso di disaccordo con il prodotto fornito.

Condizioni di pagamento: Le fatture saranno pagate nei termini stabiliti dalla Legge 15/2010, del 5 luglio, modificando la Legge 3/2004, del 29 dicembre, che stabilisce le misure di contrasto ai ritardi di pagamento nelle operazioni commerciali.

Tempi di consegna: I nostri tempi di consegna sono approssimativi e non possono essere oggetto di alcun reclamo.

Spedizione della merce: Il destinatario è tenuto a controllare la merce al ricevimento, verificandone lo stato e segnalando sulla bolla di consegna del vettore eventuali inconvenienti (danni, dovuti al trasporto, agli articoli o al loro imballo, nonché difformità nel numero dei colli, ecc.). Il cliente è tenuto a segnalare, entro un termine massimo di 24 ore, il limite massimo fissato dalle agenzie per la comunicazione degli incidenti, inviando una mail allegando le informazioni e il relativo materiale grafico. In caso contrario, la nostra azienda non potrà farsi carico di alcun reclamo al riguardo.

Garanzia AQUAGRIF, S.L.: Tutti i nostri prodotti sono garantiti, contro eventuali difetti di fabbricazione, per un periodo di 3 anni, con le seguenti eccezioni che godono di una garanzia estesa:

- Rubinetti cromati per bagno e cucina: 5 anni (tranne i rubinetti elettronici, che sono 3 anni)
- Rubinetto termostatico: 5 anni
- Prodotti con guarnizione in AISI 304: 5 anni

Per esercitare i diritti offerti dalla presente garanzia, sarà indispensabile che il cliente presenti la prova d'acquisto rilasciata all'utente finale alla data di vendita del prodotto. La nostra responsabilità sarà limitata alla riparazione o sostituzione totale o parziale dell'articolo (una volta che il difetto è stato analizzato e accettato dal nostro ufficio qualità) e in nessun caso copre le spese aggiuntive (spese causate da lavori di riparazione, installazione, ...). Sono esclusi da questa garanzia i danni causati da prodotti per la pulizia, uso improprio, montaggio errato, usura naturale, manutenzione inadeguata, nonché quelli causati da impurità nell'acqua (accumulo di sporco, calcare, ...). L'eventuale riparazione o sostituzione di componenti del prodotto interessato non estende l'estensione della Garanzia. Nel caso in cui al momento dell'applicazione della garanzia il prodotto non sia più fabbricato, verrà fornito un prodotto simile di pari qualità.

Resi:

1. Non saranno accettati resi di merce senza previa autorizzazione del nostro ufficio commerciale. In caso di mancata autorizzazione, la merce verrà rispedita al mittente
2. Non saranno accettati resi di merce fuori garanzia.
3. Saranno accettati esclusivamente resi di materiali che presentino difetti imputabili al processo produttivo e che non siano risolvibili con ricambi originali AQG.
4. In caso di accettazione e successivo ricevimento della merce, questa dovrà essere adeguatamente imballata e subirà un deprezzamento in fattura di:
 - 10% se ha meno di un anno
 - 25% in caso di più di un anno
 - 40% in caso di più di due anni

Qualsiasi reso non conforme alle specifiche sopra descritte non sarà accettato.

I cambiamenti: Le modifiche devono essere preventivamente autorizzate dal nostro ufficio commerciale. Tutto il materiale emesso dalla nostra azienda, compreso quello destinato al cambio, verrà spedito con addebito in fattura, fermo restando l'emissione del relativo pagamento al ricevimento da parte nostra della merce oggetto di cambio.

Accettazione delle condizioni: Qualsiasi ordine ricevuto implica l'accettazione delle presenti condizioni, salvo diverso accordo scritto.
